### Employment Law Attorney

Direct access to licensed attorneys experienced in helping small businesses address complex workplace and professional liability issues.

### Model Policies & Procedures

Customizable templates and best practices—developed by legal and HR experts—to help you stay aligned with current regulations and reduce exposure.

### Risk Assessment

A data-driven tool that delivers tailored insights, industry benchmarks, and actionable recommendations— helping you spot and manage risk before it becomes a claim.

### Small Business Insights Report

Proprietary research based on input from hundreds of small business owners. Uncovers real-world challenges, trends, and strategies to help you operate with greater clarity and confidence.

### Employee Handbook Builder

A guided tool that helps you create or update a comprehensive employee handbook quickly—so expectations are clearly documented, policies stay consistent, and workplace risk is reduced.

## Policyholder Testimonials

Just knowing I have an employment attorney...I don't think you can understand how valuable that is to me. I may know that I'm right, but having this person to bounce it off of is so valuable to me.

**Tiffani M,**  
HR Director

This is HUGE...it covers a giant gap for me. I've done all this myself, manually, but it needs help. I also love the separation it provides since I'm so close to some employee situations.

**Reven M,**  
Operations

I see a lot of value in these services since we are only 18 people and don't see a need for a dedicated HR person at this time.

**Christine S,**  
CFO

I love that we have an outside source for legal validation on top of what we already use.

**Courtney E,**  
Office Manager
